DocuSign Issues

- Links should be going to the Certifying Official's email that is listed on the application
- We can resend DocuSigns, but we will not accept "wet signature" copies.
- DocuSign links will come from "*DocuSign Systems*", not NDEE
- Documents expire after 30 days, but can be reuploaded. Call your CSW team for assistance

Tranfering CSW Permits

If the Certifying Official changes for any reason:

- Submit a new NOI application
- Send us a memo stating the reason why, including both CSW numbers
- Original documents can be used when submitting CERTs and SWPPPs

CERT

Attach CERT file(s) for upload into the application.

Required

Before submitting Construction Storm Water Notice of Intent application, attach evaluation obtained from Nebraska Game and Parks Commission's Conservation and Environmental Review Tool (CERT).

CERT Review

If your CERT tells you there is a “potential impact on listed species”, you will need contact Nebraska Game and Parks for a further review. Once complete, submit the signed CERT as well as the letter from Game and Parks.

SWPPP Review

An EPA template is available to help guide you through the SWPPP development process and help ensure that your SWPPP addresses all the necessary elements stated in your CGP.

Consultant firms can produce their own templates, but they need to still address the elements stated in NER210000 General Permit.

Stormwater Pollution Prevention Plan

For:

Insert Project Name
Insert Project Site Location/Address
Insert City, State, Zip Code
Insert Project Site Telephone Number (if applicable)

Operator(s):

Insert Company or Organization Name
Insert Name
Insert Address
Insert City, State, Zip Code
Insert Telephone Number
Insert Fax/Email

Stormwater Manager and SWPPP Contact(s):

Insert Company or Organization Name
Insert Name
Insert Address
Insert City, State, Zip Code
Insert Telephone Number
Insert Fax/Email

SWPPP Preparation Date:

Estimated Project Dates:

Start of Construction: ___/___/_____

Completion of Construction: ___/___/_____

**Site and Activity
Description**

The SWPPP describes the nature of the construction activity include in Part IV.B 1-3

Control Measures

The SWPPP describes the control measures implemented as required by Part IV.B 1-11

Non-Storm Water

The SWPPP identifies all allowable sources of non-storm water discharged listed in Part 1.C.2

Endangered Species

The SWPPP includes endangered species documentation required by Part IV.G 1-4
*CERT can serve as documentation in the SWPPP

**State and Local
Requirements**

Meets Part IV.I

Inspections

Describe inspection schedules and procedures developed for your site.

Notice of Termination

CSW Status: NOI APPROVED	
NOI Submission Date: 1/20/2022	<input type="text"/>
NOT Submission Date: Not Submitted	<input checked="" type="checkbox"/> Submit for Notice of Termination

CSW NOTICE OF TERMINATION (CSW-NOT)

Termination Prerequisites

▶ Final Stabilization Requirements

Have the final stabilization requirements been met on the entire site? YES NO

You may continue to submit your Notice of Termination request.

DEPT. OF ENVIRONMENT AND ENERGY

NPDES Environmental Specialist Inspection Regions

- Regions are updated for the Federal Fiscal Year 2022 (October 2021 through September 2022)
- Regions are divided among 8 inspectors
- Includes 2 Field Office locations
 - North Platte and Scottsbluff

Section Supervisor: Reuel Anderson 402-471-1367

- Region 1 : Jeff Stittle 308-530-0873
- Region 2 : Tim Lindeen 402-471-2186
- Region 3 : Matt Brauch 402-471-3682
- Region 4 : Mark Henning 402-471-2589
- Region 5 : Jason Windhorst 402-471-4205
- Region 6 : Paul Ramirez 308-641-7273
- Region 7 : Charlie deShazer 402-679-1429
- Region 8 : Randol Wehrbein 402-471-2936

Storm Water Compliance and Enforcement Summary Federal Fiscal Year 2021

Inspection

- 6 MS4 Inspections
- 130 Industrial Storm Water Inspections
- 72 Construction Storm Water Inspections

Letter of Noncompliance (LNCs)

- 30 Construction Storm Water Projects

Enforcement

- 1 Construction Storm Water Administrative Order

Construction Storm Water Inspections

50 Planned inspection in Fiscal Year 2022.

Inspections will include:

- Construction site selected by the NPDES Program
- Site named in Notifications of Environmental Concern from the public
- Notice of Terminations
- Follow up inspections based on formal or informal enforcement

NDEE Construction Storm Water Inspections will focus on:

- Implementation and maintenance of controls and BMPs
- Efficacy of erosion and sediment controls
- Compliance with the Effluent Limitations Guidelines
- Documentation and Records

Construction Storm Water and Municipal Separate Storm Sewer Systems (MS4)

- Six (6) planned MS4 inspections in the Federal Fiscal Year 2022
- Inspections will include evaluations on construction site runoff control and post-construction runoff control
- Attending MS4 public involvement activity as invited or requested
- Provide feedback or assistance on public education materials

Notification from the Public

- Approximately 60 notifications received since January 2021
- Most complaints concern urban development
- Common concerns reported:
 - Track out
 - Blowing trash
 - Erosion
 - Sediment discharged off site to Waters of the State or neighboring property

CSW Compliance Problems

- Failure to obtain authorization
- Insufficient documentation
- Availability of documentation/signage
- Failure to implement SWPPP
- Failure to maintain BMPs and controls
- Controls or BMPs not effective
- Failure to conduct routine inspections
- Concrete washout
- Failure to respond to local inspections

NDEE Outreach and Assistance

- Work with stakeholders to improve compliance
 - MS4's
 - Permittees
 - Public
- Create and improve guidance documents
 - Clarify requirements
 - Templates
- Improve communication at the time of inspection
 - Site contacts
- Request assistance
